Microsoft Cessna 172

CATALÀ:

Textures versió 2010 pel Microsoft Cessna 172 de les Línies Aèries virtuals dels Països Catalans (Catalonian Airlines - CAT) (http://www.catalonian-airlines.cat) per FS2004.

En l'arxiu comprimit teniu aquest document que esteu llegint i una carpeta anomenada "texture.CAT_2010".

INSTAL·LACIÓ:

1. Cal tenir instal·lat prèviament el paquet base del Microsoft Cessna 172 que trobareu al web de Microsoft a http://www.microsoft.com/games/pc/flightsimulator.aspx.

2. Copiar la carpeta texture.CAT_2010 dins del directori del Microsoft Cessna 172 (c172) que ja haureu instal·lat al vostre FS2004.

3. Obrir el fitxer aircraft.cfg del vostre Microsoft Cessna 172 amb l'editor que preferiu (Notepad, per exemple).

4. Copieu el text que teniu tot seguit entre les dues ratlles d'asteriscs (sense els asterics, naturalment) i enganxeu-lo a continuació del darrer grup [fltsim.XX] que hi hagi en el fitxer aicraft.cfg.

```

atc_id=
atc_id_color=0xffffffff
ui_manufacturer=Cessna
ui_type="C172SP Skyhawk"
ui_variation="Catalonian Airlines 2010"
description="A stable and trustworthy plane, most pilots have logged at least a few hours
in a Cessna 172, since it's the most widely available aircraft in the rental fleet, and is
used by most flight schools. Since the first prototype was completed in 1955, more than
35,000 C172s have been produced, making it the world's most popular single-engine
plane.  One of Cessna's first tricycle-gear airplanes, the 172 quickly became the favorite
of a growing class of business pilots. Its reliability and easy handling (along with
thoughtful engineering and structural updates) have ensured its continued popularity for
more than 35 years."

```

5. Canvieu les XX que hi ha a [fltsim.XX] pel número correlatiu següent al [fltsim.XX] anterior.

6. No us recomanem que poseu res en la línia "atc_id=" perquè per aquest avió, el Microsoft Flight Simulator no permet formatar el tipus i color de les lletres i qualsevol indicatiu hi queda força lleig.

7. Salveu el fitxer i engegueu el FS2004.

AGRAÏMENTS:

A totes les persones que de forma desinteressada dediquen part del seu temps en desenvolupar els meravellosos afegits al simulador base.

Agraïment especial mereix Leen de Jager, home de gran paciència i virtuts de mestre, que m'ha dedicat un bon nombre d'hores per ensenyar-me a fer millor aquesta feina de repintar avions. Moltes gràcies Leen !!

Microsoft Cessna 172

ENGLISH:

Textures version 2010 for the Microsoft Cessna 172 of the Línies Aèries virtuals dels Països Catalans (Catalonian Airlines - CAT) (http://www.catalonian-airlines.cat) for FS2004.

In the zip file you have downloaded you will find this document you are now reading and a folder called "texture.CAT_2010".

INSTALLATION:

1. The base package of the Microsoft Cessna 172 must be already installed in your FS2004. You may download this base package at the web site of Microsoft (http://www.microsoft.com/games/pc/flightsimulator.aspx).

2. Copy the folder texture.CAT_2010 into the folder of the Microsoft Cessna 172 (c172) which you should have already installed.

3. Open the aircraft.cfg file of your Microsoft Cessna 172 with your preferred editor (Notepad, for example).

4. Copy the text between the asterisk lines that you can find after this paragraph (without including the asterisks, of course) and paste it after the last [fltsim.XX] group in your aircraft.cfg file.

```

5. Change the XX in [fltsim.XX] for the next number found in your last [fltsim.XX] group of the aircraft.cfg file.

6. I recommend to leave the "atc_id=" blank as Microsoft Flight Simulator 2004 does not allow to format the callsign of this aircraft and anything you may add here will look very ugly when the aircraft is displayed.

7. Save the file and run FS2004.

ACKNOWLEDGEMENTS:

To all these people that invest part of their time to develop such wonderful add-ons for the base simulator for free.

I am specially grateful to Leen de Jager, a very patient man with huge teacher virtues. He has dedicated a large number of hours of his time to teach me on how to do this task of aircraft repainting much better than when I started. A big THANK Leen !!
